

ZERO ENERGY BUILDINGS LEARNING CENTRE SCHOOL OF CONSTRUCTION AND THE ENVIRONMENT

SPRING 2019 HANDS-ON COURSES

UPCOMING COURSES: JUNE 1 AND 8, 2019

Need to tool up for success with the BC Energy Step Code but have no time for training? The BCIT Zero Energy Building Learning Centre has developed a set of short duration courses to get you up to speed and on the right track.

OUR PROMISE

- Hands-on training in the BCIT High Performance Building Lab
- Industry expert instructors
- Compressed learning (8 hrs in class + 4 hrs online)
- Up to 24 Continuing Professional Development (CPD) credits / course

YOUR GAIN

- **Get knowledge** on construction solutions for the BC Energy Step Code
- **Get exposure** to a wide range of construction details on our teaching props
- **Get experience** using new and existing construction methods or materials, testing their performance, and strategies to meet performance targets of the BC Energy Step Code

UPCOMING ONE DAY COURSES

	JUNE 1 [8AM-4:30PM + ONLINE]	<u>CESA 1120 - ZEB ENCLOSURES: ASSEMBLY DETAILS</u>
	JUNE 8 [8AM-4:30PM + ONLINE]	<u>CESA 1110 - ZEB ENCLOSURES: AIRTIGHTNESS</u>
